NINJA HEROES

Ninjago City is the capital of Ninjago Island. In this vibrant city, old buildings stand next to new, and all kinds of people mingle together. Six brave ninja protect Ninjago City from danger. It's hard work, since danger threatens quite often.

Jay

Jay fights foes with lightning, so electric blue is his colour. He is a real chatterbox!

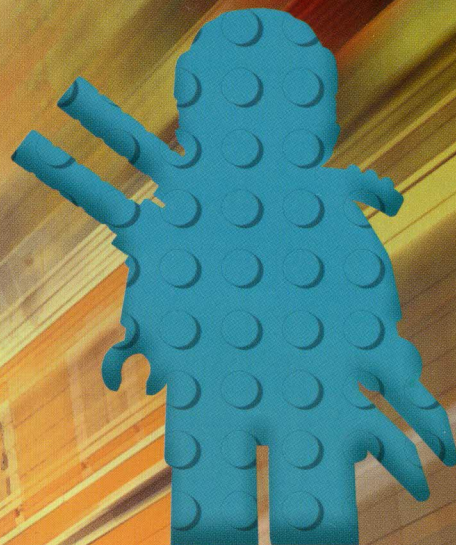

This determined team of ninja keep Ninjago City safe!

Lloyd

Lloyd is the leader – the green ninja. He is often forced to fight his evil father, Lord Garmadon.

Zane

Zane is a nindroid robot. His ninja suit is ice white. Beneath the hood, his hair is ice white, too.

Cole

Cole is cool and calm. His dark ninja suit matches his serious personality.

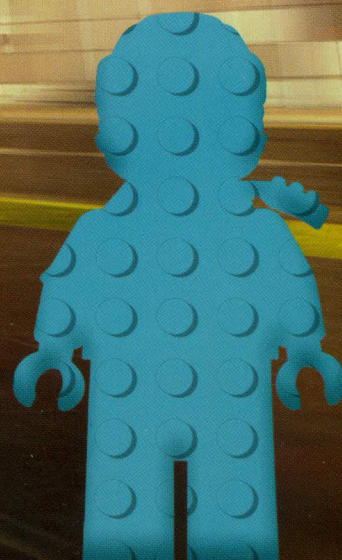

Nya

Nya's grey ninja suit helps her blend into the shadows where foes won't see her. She's super smart!

Kai

Kai's red ninja suit matches his fiery nature. This ninja seldom looks before he leaps.

BATTLE READY

Each ninja has a favourite weapon. There are even special stands to store them safely. Some weapons require strength, some agility and others a good aim. All of them require hours of training.

Nunchucks

When enemies surround you, try a pair of spinning nunchucks to hold them off! Jay often uses this pair.

Hammer

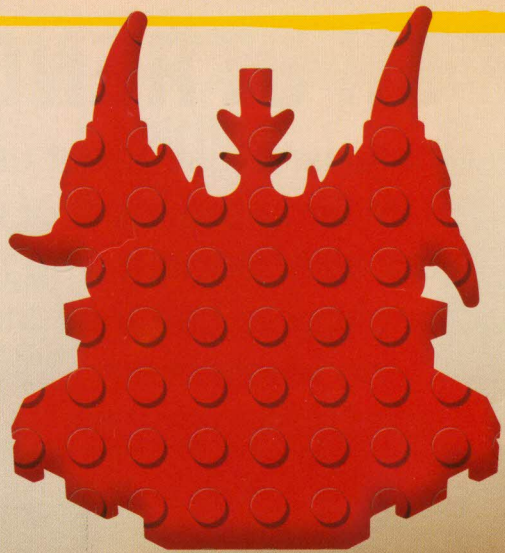

This huge hammer is a heavy, earth-shaking weapon. It's a favourite of super-strong Cole.

Kai's dragon sword

These chunky golden swords feature a dragon design with fire running down the blade.

Ice shuriken

Shuriken, also known as throwing stars, are difficult to master. Zane is super skilled with these sneaky weapons.

Spear

A long spear can be used as defence, blocking enemy hits. It can be thrown at foes, too. Agile Nya loves this weapon!

TAKE THAT!

DON'T BE SO SPIKY!

An essential part of ninja training is sparring with a teammate. It can get very competitive!

INNER STRENGTHS

Being a ninja isn't just about using weapons. Making the most of what you have is just as important. The ninjas have each learnt how to use their inner strengths to benefit the whole team.

Clear thinking

Zane's robot brain can accurately calculate the team's chances in a battle.

Confident

The other ninjas often rely on cool-headed Lloyd to lead them.

It takes more than just physical strength to be a ninja. These six heroes are strong on the inside, too.

Wise

Nya is a clear thinker. She often detects the flaws in a seemingly brilliant plan.

Spirited

Red ninja Kai's energy and enthusiasm can really get his teammates fired up and ready!

Trustworthy

Careful Cole looks after Master Wu now he is a baby.

Team player

Jay uses jokes to make his friends smile and bring the whole team together.

SKY PIRATES

The ninja must protect Ninjago City from many dangers. This rag-tag band of skyfaring villains are attacking from above! The Sky Pirates drop missiles from a flying ship and they are armed with swords and pistols. Ninja, WATCH OUT!

Cyren

This menacing pirate has a patch over one eye and a voice that sends foes into a deep trance.

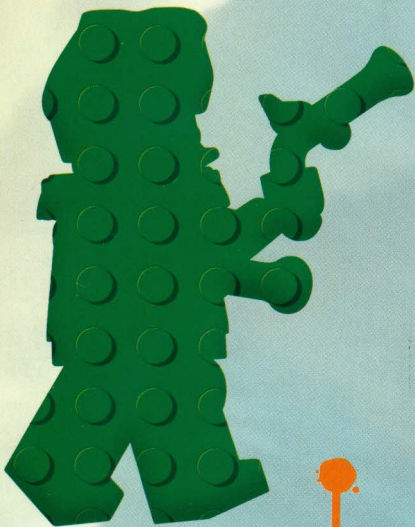

Nadakhan

The captain of the Sky Pirates is a four-armed Dijn who grants terrible wishes for his crew.

Clancee

With his sinister fangs and peg-leg, Clancee the serpent is a scary sight!

Flintlocke

With two pistols at the ready, and a thick moustache, Flintlocke is ready for action.

The Sky Pirates' Raid Zeppelin has an air balloon to help it fly. It is armed with a cannon and it is very fast!

Bucko

Bucko follows the captain's orders with a grim snarl and a sword at the ready.

Doubloon

Doubloon became a Sky Pirate after Nadakhan caught him trying to steal from his ship.

SHIPS OF THE SKY

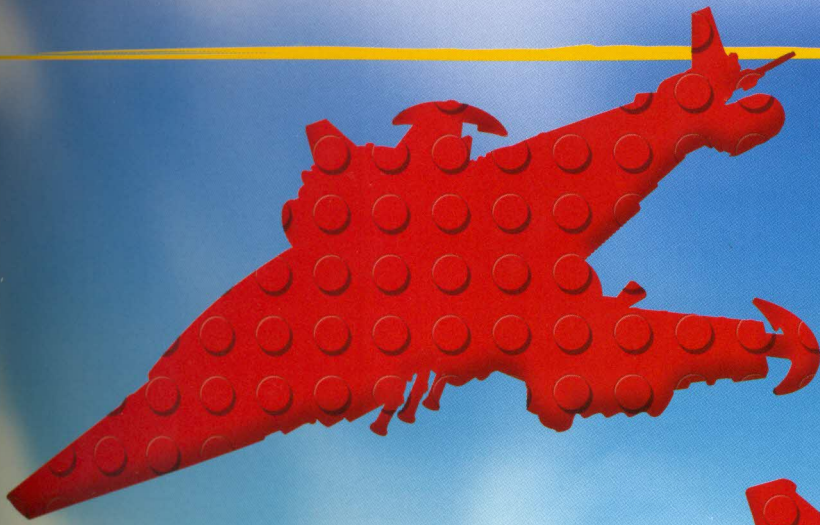

Pirates are nothing without their ships, Sky Pirates included! With ragged flags and propellers instead of oars, these battleships have more in common with areoplanes than sea vessels.

Misfortune's Keep

Nadakhan's rickety flagship is a scary sight. Even the propellers are made from swords!

SKY
PIRATES...
ATTACK!

Sky Pirates
also keep watch
from lookout towers
on the ground. They
use catapults to
strike vehicles
in the sky.

Sky Shark

It may not have sharp shark teeth, but the Sky Shark does have dynamite and pointy anchors!

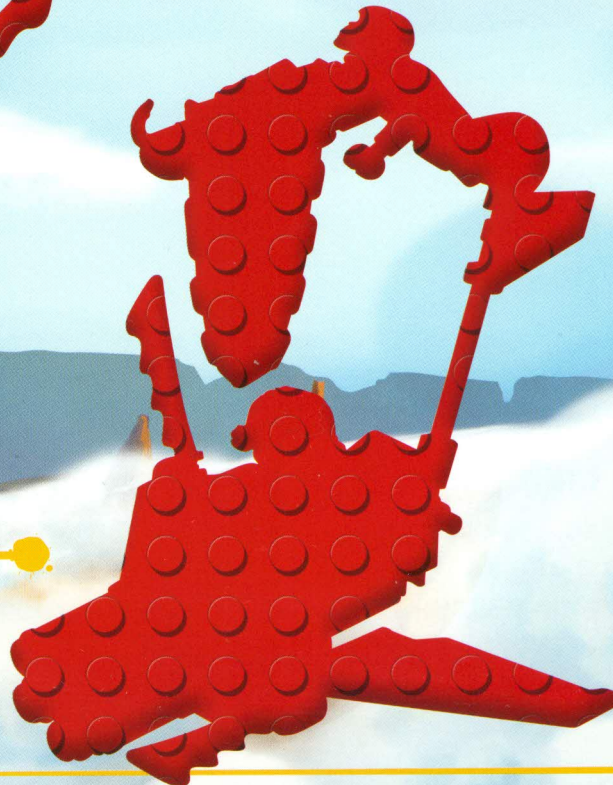

Harpoon glider

Squiffy's one-man glider may be small, but it is armed with harpoons and missiles.

Flintlocke's flyer

Flintlocke grabs his green helmet and leaps into his one-man jet when he is called into battle.

Cannon cruiser

Kitted out with a huge cannon, Cyren's cruiser can easily take on unsuspecting enemies.

RADICAL RIDES

Sometimes, the only way for the ninja to catch an enemy is in a super-fast vehicle! The ninja strap into these radical rides and chase down enemies of Ninjago City on the ground and high up in the air.

Destiny's Shadow

This combined boat and areoplane is at home in the air or on water. It is perfect for chasing Sky Pirates!

Nya's bike

Nya has a giant water cannon on the front of her bike. It can shoot jets of water at enemies on the ground or in the sky.

Kai's bike

Kai's bike has sharp blades along its sides and hidden cannons for blasting missiles at foes.

Titanium Ninja Tumbler

Zane's heavily armoured 4x4 is the perfect option when the terrain, and the battle, gets really tough.

Desert Lightning

Jay's nimble motorbike allows him to give chase at lightning speed.

Cole's off-roader really rocks! It has huge wheels for climbing boulders and blasters to smash them to pieces.

VERMILLION INVASION

The Vermillion is a sneaky army bred to wreak havoc on Ninjago City. These sinister soldiers have bodies that are made up of slithering red and orange snakes. Sssscary!

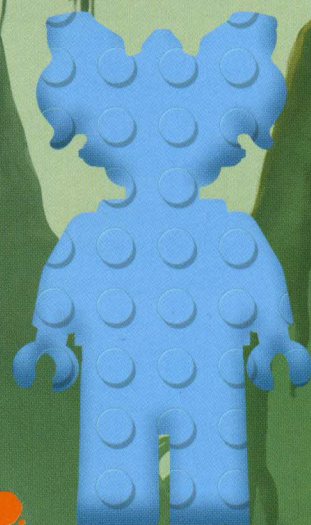

Raggamunk

The head gear that covers Raggamunk's torso can be used to control the Vermillion's minds.

Tannin

This red reptile wears a helmet with two snarling snakes at the top. A large red snake slithers through his chest armour.

Machia

The snake-haired Supreme Commander wields a large axe. She is protected by four hissing snakes.

Slackjaw

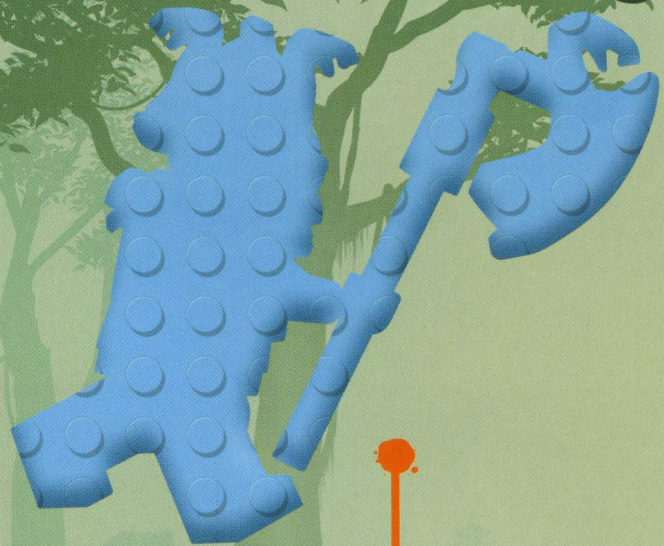

Time to attack! Slackjaw grabs his giant axe and is ready to follow orders.

Krux and Acronix

Raggamunk need only give the order to attack and these terrible twins will march into battle in perfect unison.

Blunck

Blunck is extremely hot-headed. Maybe that's why his helmet is full of flame-orange snakes!

This egg is full of squirming snakes. Once open, they spill out and turn into Vermillion warriors.

VERMILLION VEHICLES

Not content with walking, the once-slithering Vermillion Army have built terrifying contraptions that drive, fly and destroy. The most powerful is the gigantic mech, Iron Doom. The ninja have their work cut out for them!

Vermillion Invader

The Vermillion roll into battle on giant chariots. The driver uses catapults to hurl eggs full of hissing snakes.

Buffmillion

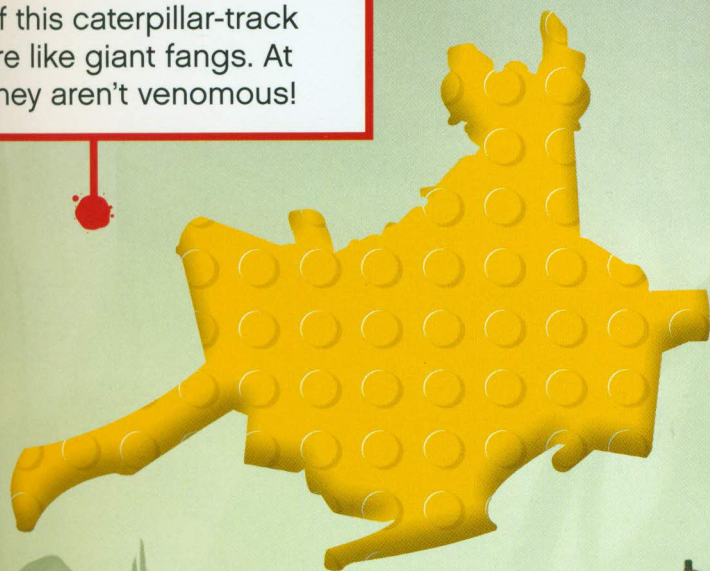

The Buffmillion is a bulldozer capable of smashing through any obstacle with its massive arms and strong tail.

Watch out Vermillion, Cole and Kai are ready to battle!

Vermillion racer

The giant swords at the front of this caterpillar-track bike are like giant fangs. At least they aren't venomous!

Hoverboard

This sleek craft hovers in the air. It is ideal for getting around the battlefield.

Iron Doom

This mech can travel through time. It works when Vermillion snakes slither into it.

SNAKE ATTACK!

Will the ninja defeat the Vermillion Army? Create your own epic battle scene using the extra stickers.

SONS OF GARMADON

A loud rumbling of engines can be heard throughout Ninjago City. It's a group of rebels named the Sons of Garmadon. They love three things: motorbikes, making too much noise and chasing ninja!

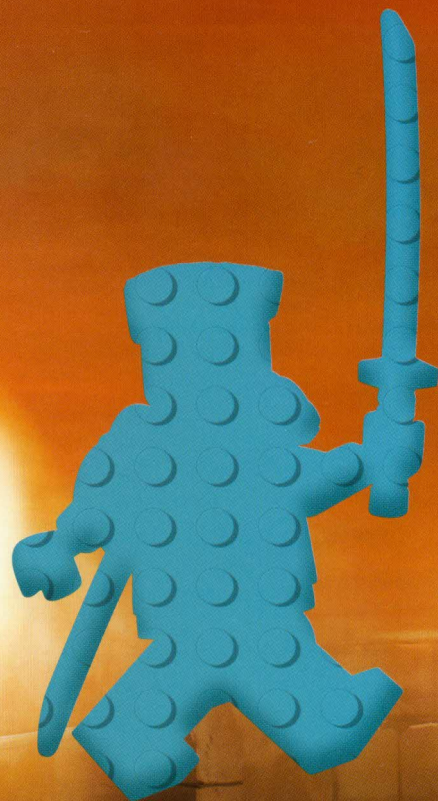

Ultra Violet

Thrill-seeker Ultra Violet is often heard laughing to herself and nobody knows why. Now that's creepy!

Snake Jaguar

With determination in his steely blue eyes, Snake Jaguar wields katanas with great skill.

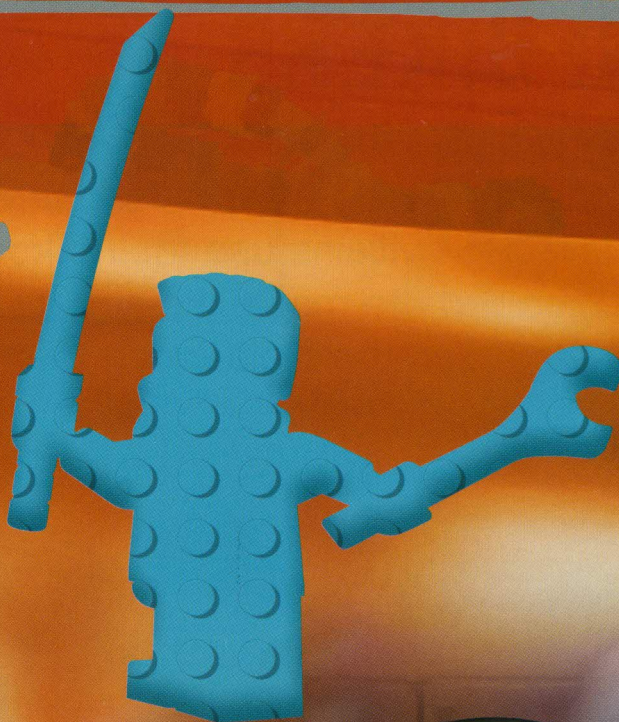

Mr. E

The ever-silent Mr. E loves to fight and considers Zane his ultimate enemy.

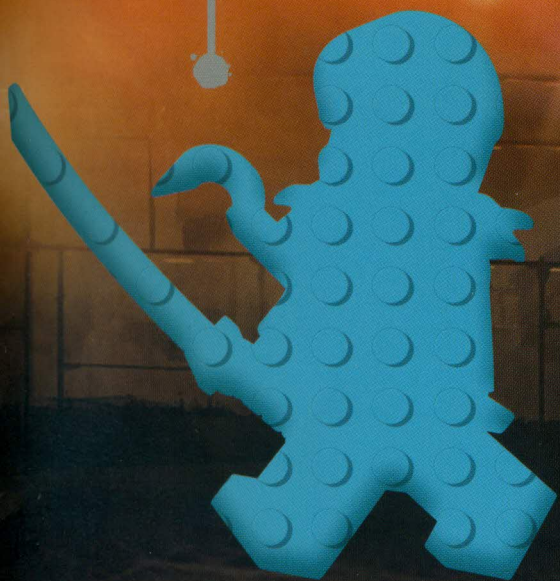

Nails

Red usually signals danger. Nails's brightly coloured hair and katana are no exception!

Skip Vicious

Racing expert Skip has a sword. He also brings along his favourite tool, a crowbar, just in case.

WHO DARES
RACE ME?

Lumbering Killow
likes to race. He
challenges new
members to drive
through a dangerous
obstacle course.

BAD BIKERS

The only vehicles the Sons of Garmadon like to ride are flashy, weaponised motorbikes. These ferocious villains use their bikes to whizz around the maze-like streets of Ninjago City. Can the ninja catch them?

Oni Chopper

Killow's bike is a real "chopper." The villain has attached a huge circular saw to the front of his bike!

Stone Booster Bike

Ultra Violet rides her bike down the tightest alleyways swinging her mace. There's no place to hide!

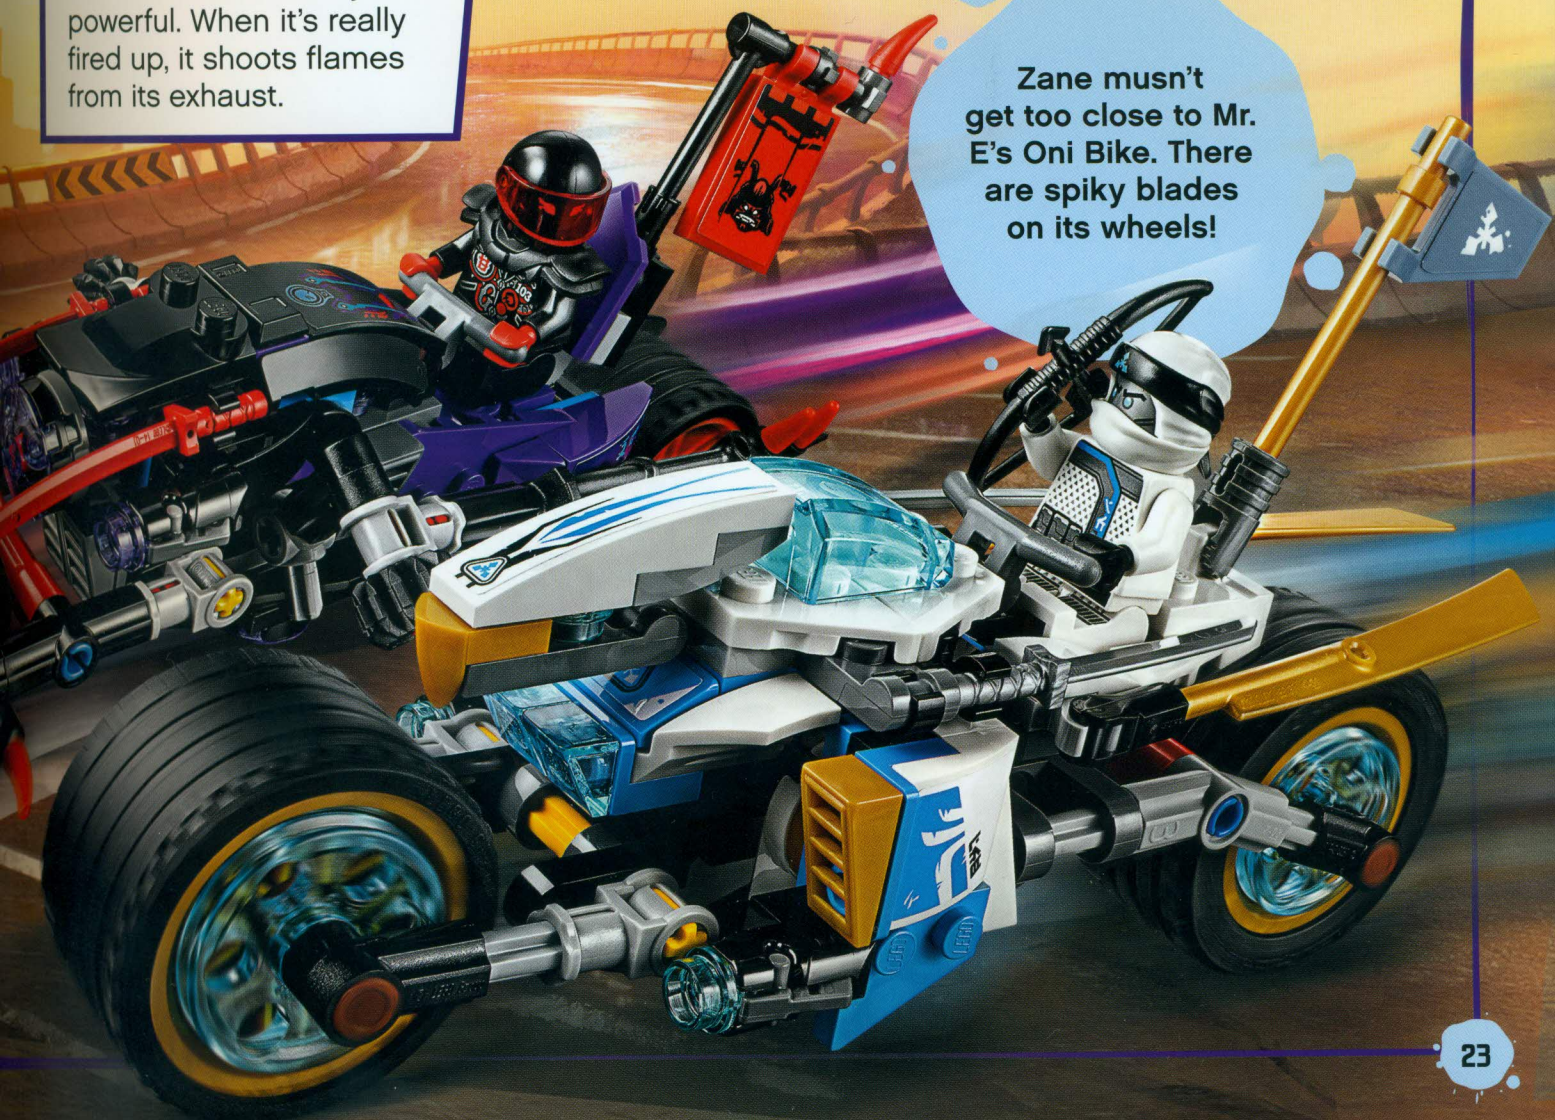

Engine roar

This chunky bike is all engine. You can hear its gruff roar for miles around.

Street bike

This sleek bike is very powerful. When it's really fired up, it shoots flames from its exhaust.

Zane musn't get too close to Mr. E's Oni Bike. There are spiky blades on its wheels!

ROYALTY AND VILLAINY

Just like its owner, this bike is as cool as ice. Its dual blades are as sharp as icicles.

Destiny's Wing

With its wide wingspan and frontal propeller, Destiny's Wing is perfect for gliding into the action.

Samurai X

Shaped like a giant ninja itself, Samurai X is a battlesuit that can run, jump, climb and even fly!

The Dragon Hunters' monstrous Dieselnaut tank has a crane for capturing dragons – and ninja!

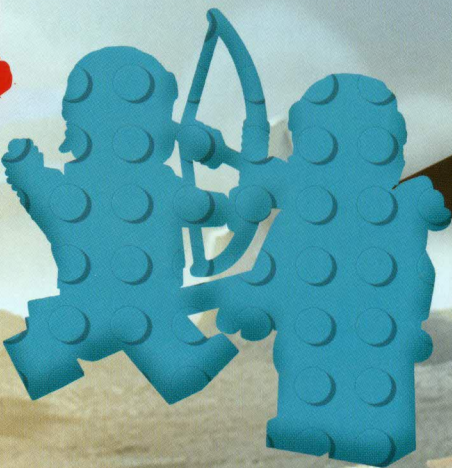

TWO REALMS

The ninja have split into two groups. Zane, Cole, Kai, Jay and Wu are stuck in a realm with ferocious dragons. Lloyd and Nya are battling a mech named the Oni Titan in Ninjago City. Will the ninja ever reunite?
